DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

- In claim 2, line 2, and claim 4, line 3, respectively, "vehicle" has been changed to –vehicles—to be consistent with independent claim 1.
- In claim 4, line 2, "the" before "stand by mode" has been changed to – in a--.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: The prior art fails to disclose an improved lamp with connector housing for motor vehicles having, inter alia, a backplate with a 3-way connector housing which further comprises a connection between point ground and point door and a connection between point ground and point B (claim 1). The remaining claims 2-5 are allowed by virtue of their dependencies on the independent claim. Hence, the examiner has allowed claims 1 through 5.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Brown, Patent No. 6,773,151; Weber, Patent No. 5,947,586; Dye, Patent No. 6,776,621; Mandar et al., Patent No. 4,393,855; Falcoff, Patent No. 5,050,922.

None of the above patents discloses the improved lamp having a backplate with a 3-way connector housing as recited.
